

COMPANY PROFILE

CIRCUIT WORLD

“Good Ideas are a dime a dozen.....

But implementation is priceless.”

CIRCUIT WORLD. is a Kolkata, India based company providing solutions for Tally customizations , customized software development , Tally Implementation , Software Support & Services . We concentrate on Tally based solutions. Beside our own software products we also provide professional custom solutions using our enormous experience in software development.

Among our products are both standalone desktop applications and components for integration into larger business solutions.

OUR COMPETENCE

Our main activities include:

- Tally Customization
- Tally Integration with 3rd Party Applications / databases
- Import / export of data from any RDBMS systems – supporting any type of formats XML,CSV, XL, etc
- Professional programming in C#/C++/C/Delphi under .NET, Win32.
- Effective project management.

OUR SOLUTIONS

Circuit world has developed number of solutions / Ad-on in Tally.ERP9 using Tally Developer to cater the needs of various business segments. Some of the verticals are mentioned below –

- Car Sales Module
- Consignment Sales Module
- SMS Solutions
- Plywood Sales Module

- POS System for Foreign Liquor Selling Shops
- Liquor Bottling Plant
- Share Analysis
- Customized Integration modules
and many more...

Collecting and formatting of large volumes of transactional record is possible. These records can be assembled from multiple source, combining structured and unstructured content to be imported into Tally. Developed in Delphi MyImport provides the complete compatibility with the .NET framework and can be easily embedded into any .NET-based solution and used inside custom workflows.

Circuit World has also developed powerful application for connecting 3rd Party Database like Oracle, MS SQL, MySql, Interbase ,DB2, firebird , etc. Using XML technologies as an exchanging format is expected to increase more and more. It allows to exchange data inside a company, between companies, between a company and individuals or between the head office and a branch or local offices without any efforts.

Using our Tally customization service any type of report can be generated from the Tally System

OUR PEOPLE

We are close-knit organized team that consists of drive, dynamic and talented achievers. Among us are professionals in computer graphics, specialist in object-oriented programming languages and analysts with strong mathematical background. We always press on developing innovating solutions and learning new technologies. We can implement the most advanced Tally technologies as well as develop new ones.
